Spellcheck Installation for Internet Explorer IE

Installation Instructions For Internet Explorer ONLY

Go to the ieSpell web site by clicking this link: http://www.download.com/ieSpell/3000-12512_4-10208550.html?part=dl-ieSpell&subj=uo&tag=button&cdlPid=10603528

Click on any of the "download now" links to go to the software installation site.

Follow the on-screen prompts to download and install the spell checker. This requires that you click the RUN button when it is presented to you.

It will bring up another box and you click on "I agree."

Once it has installed, it will tell you that it has been installed.
You will most likely have to restart you internet browser.

The spell check tool will now operate when you click on the spell check button.

How to use the spell check once it has been installed

When you make a mistake or finished writing, click the right button on your mouse. A drop menu will appear.
Click on "check spelling"

A box will then appear, you can either click on change or ignore the word, your choose.

Once you have chosen what you want to do. It will then tell you if you got any more spelling mistakes or that you have no more spelling mistake and you then click "okay". You are done then.
